Hello everyone!

We would like to thank all of you for making 2018 such a wonderful year. It is always a pleasure to travel with you; seeing old friends and making new ones. I'm excited to say that we had over 50 new travelers join us this year. Join me in welcoming them to the Bank of Sullivan Roadrunner family!

We started off 2018 with our group exploring the beautiful Hawaiian Islands. Our travelers were fortunate to tour the Volcano National Park and cruise the coast line before the Kilauea volcano erupted in May. We had a full coach for our visit to Branson's Sight and Sound to see, "Sampson". In May we experienced the German heritage and influence in the St. Louis area. Our visit to the newly renovated St. Louis Arch museum and grounds was breathtaking. The group that traveled to Montana during the wildfires was not disappointed. Fires are just a part of life there and that didn't stop us from seeing some of the most stunning sights and experiencing some amazing adventures. Recently, our travelers came back from Nappanee Indiana, "Amish Country"; they definitely had a lot of first time experiences and have some great stories to tell.

Good times and memories are always created on our trips. Feel free to invite your friends and family along; we would love to have them join us.

I recently read a story about a lady that had been hesitant to travel by herself on a group trip. A friend encouraged her to give it a try, especially when she felt alone in life. Choosing to travel with a group means that you are never alone and it will fuel your spirit as well as create a new network of friends. Share your travel adventures with your friends, you just might be the first step toward inspiring someone just as she did.

We encourage you to put your name on the list for our, "2019 Kick-Off", we have been working on an awesome lineup of trips and events and look forward to sharing them with you. Call or stop by today to save your seat!
